

YOU'RE INVITED!

LEARNING FROM THE PAST, REIMAGINING THE FUTURE:

A Regional School Community Forum

Wednesday, June 2, 2021

7:30 - 9 p.m.

Virtual at www.questar.org via YouTube

The purpose of this virtual forum is to discuss the impact of COVID-19 on our schools and advocate for regulations and guidance to permit a full reopening of all schools in September.

Our school districts and regional Advocacy Committees, which include students, parents, and school staff from 22 component school districts within Questar III BOCES, are inviting parents, students, staff and others. The event will feature presentations from students, teachers, parents, Board of Education members and State Education Commissioner Dr. Betty Rosa, school superintendents as well as a question and answer with our state legislators.
