

# BERLIN CENTRAL SCHOOL DISTRICT Is Pleased to Announce the Return of

*Spot knows where your bus is. You should too!*

## SpotMyBus is BACK for another school year!

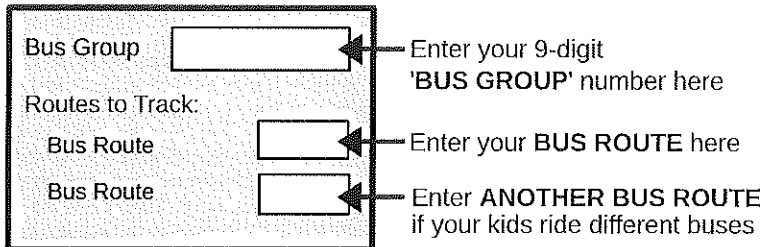

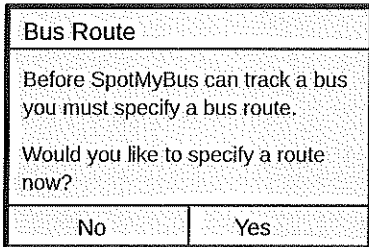

SpotMyBus is the mobile app that shows you *where* your school bus is and lets you track it as it makes its way to your bus stop. It is simple to use. It is free. And it is available for download now.

## START using SpotMyBus and ...

- **STOP** rushing to the bus stop, worried you might miss the bus.
- **STOP** endless waiting at the bus stop because the bus is late.
- **STOP** waiting for the bus in the rain, wind, cold, or snow.
- **STOP** all those calls to school asking, "Where's my bus?"

## HOW do I get started? (4 simple steps and you'll be ready to use SpotMyBus)

1. On your smartphone, go to: **spotmybus.com**
2. Click the 'DOWNLOAD' button for either the Android or iPhone app
3. The first time you start the app you will see this screen:
4. Click 'YES' and you will see this screen:

**NOTE:** if you *do not know* your BUS GROUP number, please contact your Transportation Department.

## What happens NEXT?

- When the bus is traveling your route, you will see it on moving on the map on your phone.
- Soon the system will learn your route, and then you will see all bus stops on your route.
- At that time, you will be able to select your bus stop and see it on the map.

For questions or help with the app, please contact: [questions@spotmybus.com](mailto:questions@spotmybus.com)
