

# BCSD Technology Protection Program

## Option 1 (with protection program):

- Protection cost is \$15 per academic year.
- Family plan; \$15 for the first device, \$60 maximum per family.
- Enroll by September 15th, bill to be paid by the last day of September, to be eligible.
- Normal wear and tear repair is free of charge; i.e. normal malfunction of the device, batteries, charger, etc... **and does not count as a claim.**
- First claim for repair - \$0 deductible.
- Each repair after the first will incur a \$25 deductible.
- If a student **is** enrolled in the Technology Protection Program, a take-home loaner or replacement device will be given to them immediately for the first repair, and upon payment of the deductible, for any subsequent repair. Pending the receipt of any deductible, an at-school-only device will be issued.
- The Technology Protection Program does not cover lost or damaged devices or chargers.
- Outstanding balances must be paid within 10 days, and the bill will include photos of the damage, along with a copy of the parts cost.

## Option 2 (without protection program):

- Normal wear and tear repair is free of charge; i.e. normal malfunction of keyboard, webcam, microphone, speakers, batteries, charger, etc...
- If a student **is NOT** enrolled in the Technology Protection Program prior to receiving their device, they will be responsible for the full cost of all repairs, or full replacement cost, if the device is in need of repair.
- Non-protected students will be issued a daily loaner device until all balances are paid. Daily loaner devices must be returned each day at the end of school and may not go home.
- Non-protected students must pay the full amount for damage/repair before receiving their repaired device, or a replacement device.
- Outstanding balances must be paid within 10 days, and the bill will include photos of the damage, along with a copy of the parts cost.
