

Capital Region Behavioral & Mental Health Counseling Resources

Initial Resources/Suggestions

Directly Through Insurance Company – You can search for approved providers through the website of your insurance company. You can usually find the website information you need on the front or back of your insurance card, by calling the company directly, or doing a general search online (for example, google “CDPHP approved provider search”).

Psychology Today Therapist Finder – this is a general search tool for mental health providers. You can apply filters to suit your individual needs (based on location, insurance, issue, gender/language of provider, etc.).

- <https://www.psychologytoday.com/us/therapists>

Psychiatrist Finders – these are two search tools for psychiatrists. You can apply filters to suit your individual needs (based on location, insurance, issue, gender/language of provider, etc.).

- <https://www.psychologytoday.com/us/psychiatrists>
- <http://finder.psychiatry.org/>

Primary Care Doctor – Primary Care Physicians/Pediatricians are able to make referrals for mental health services providers.
