

Welcome New Members!

- Mission Statement and our role as a committee; the committee is set up to support BNL Athletics, it IS NOT a committee with management or supervisory responsibilities
- Communication Chain - Meeting changes and important information will be posted on the Berlin website (NL website?) and with email. Both AD's will inform their respective school's students.
- Members are asked to regularly attend and actively participate in meetings
- Honest feedback is appreciated and valued. Feedback is given;
 - professional, kind, and positive manner
 - productive manner; working towards the common goal

Consistent Meeting Times

- MSC will meet 1x per month; generally on the third Tuesday of each month (coincides with the Berlin School Board meeting) from 5:30-7p. Remaining school year dates are Tuesday March 21, Tuesday April 18, *Wednesday May 17, Tuesday June 20.
- Do we want to schedule some meetings at NL?

Committee Work Transparency

- Mission Statement, members, agendas, and meeting notes will be posted on the Berlin website (under School Board Committees). Link for NL website?

Spring Sports In-Person Meeting

- Unable to coordinate an in-person parent and athlete winter sports meeting due to the timing of Berlin AD hire. Do we want to schedule one prior to/beginning of the spring season? Benefits of the in-person meeting;
 - AD's uniformly discuss expectations/all paperwork is completed
 - Coaches are introduced/meet with students to go over general team information/expectations
 - BNL Athletics support (Booster Club and MSC) describe their role and encourage new membership
 - The Booster Club will have a significant transition in leadership after this year. In order to continue the club, volunteers are needed. How can we help this very important BNL Athletics support?

Fall/Winter Season Surveys for Athletes and Coaches

- Glenn Guimmara has drafted surveys for both seasons
- Survey data and comments will be reviewed at March 21 MSC meeting
- Data will help steer committee's direction with recommending paths for improvement
- Any needed changes? How do we distribute the two seasons?

Spring Athletics

- Is the track and all fields ready for use?
- Has a fair and equitable schedule been established for practices/games?
- Are all coaching positions filled?

Rebranding BNL Athletics Presentation

- Both AD's would like to further unify BNL Athletics by establishing a new logo and possible color scheme that uniquely combines the two schools.
 - How will student, coaches, and community input be considered?
 - How does it affect current school mascots?
 - Is there a well planned time-line for this?
 - Will there be a contingency plan if both boards do not approve?
 - What type of fiscal impact would this change create?

Any other comments or concerns?

Our next meeting will be Tuesday, March 21, 2023!
