Middle/High School Principal

May 25, 2023

Dear Parents/Guardians:

As we set our sights on the finish line for this academic year, below you will find the Regents and end of year schedules for students in grades 6-12. **This year the Board of Regents has decided to administer the new United States History Regents exam on Thursday, June 1st.** To create the most optimal testing environment for our students, we will run a regular day for all students in grades 6-8, but will only have students in grades 9-12 come to the building if they are taking the USH Regents or a Geometry practice Regents exam.

For any student in grades 9-12 taking a Regents, the district will provide transportation in the morning at normal time for all students taking a morning exam. For any student in grades 9-12 taking only an afternoon exam, the district is offering another bus run that will arrive at the school at approximately 11:20 a.m. If your child has extended time for testing and needs transportation home, arrangements will be made by the district.

*On Tuesday and Wednesday, June 20th and June 21st, the **Geometry and Algebra II Regents will not begin until 9:40a.m.** to provide an additional opportunity for students to review with their teachers. **Students taking these exams should report to school at the normal time of 7:50a.m.***

Additionally, the last day for all students 7-12 will be Tuesday, June 13th. Only students taking a Regents exam will report to school between the dates of June 14th-June 22nd. All 6th grade students will have full days of school until Friday, June 16th and then will only have half days on June 20-23.

Sincerely,

Kimberly J. Brownell
