HVCC Credit Survey of Art History I & II (Full Year Course)

Prerequisite: None, Any Student Grades 10-12 with Teacher Recommendation

Most college programs require at least one Art or Art History Course to get your degree. Why not earn those credits while still in High School? We will be exploring the Art and culture from the ancient civilizations to the mid-gothic period in Survey I, and the late gothic period to modern art in Survey II, both through projects, reading, writing, analyzing and, most importantly, discussion! You will leave this course with 6 humanities credits from HVCC. Taking this course is highly recommended for a student wishing to pursue the Visual Arts/Design post-graduation.
