Wednesday January 14th will be the next PTO meeting.

Math night January 22 from 5:30pm to 7:00pm and will be at BES. What can we do to support this event?

Broadview/Paypal/Venmo: Would need to make a business account thru one of these and more to be decided on and determined as far as looking into specifics and tax ramifications.

Upcoming concerts and music department requesting donations and help with concessions see sign up for opportunity to help them out and raise funds.

Counselors would like to present to MS/HS families about Course Selection information sessions as an opportunity to get families engaged in this process.

There is a fair amount of interest in another lip sync. This would be a very big undertaking and would need planning and dedication to making this successful. Would likely need a sub committee to make this successful and get enough people involved.

Dodgeball: when did we do this last year? What date should we do this year?

MS/HS: 3 Building goals One is attendance. Last year 32.5% chronic absenteeism down to 17% now and I hope it will go lower. Working with parents and students to manage this and staff is collaborating to help with this effort also. 2nd Shrinking Gap between students abilities and 3rd trying to get student and community involvement. Working to get families involved in students schedules and what requirements need to be met and what the school offers/curriculum guide. This year there will be four presentations in total to students and families. I would like to present this at the January meeting and again the 20th before the board meeting.

Principal List dinners will now be after semesters.

Next week is Spirit week at MS/HS
