What is the Dignity Act?

The Dignity for All Students Act seeks to provide the state's public elementary and secondary school students with a **safe and supportive environment** by **prohibiting** acts of discrimination, intimidation, taunting, harassment, and bullying on school property, a school bus and/or at a school function.

Requires schools to revise their codes of conduct and adopt policies intended to create a school environment free from harassment and discrimination

Requires schools to provide instruction in civility, citizenship and character education currently required by Education Law 801

Covers all public schools in New York State
Went into effect July 1, 2012

But - what does dignity mean?

Dignity (noun): the inherent worth and value of every human

Dignity is something we are born with - we all matter the same amount regardless of who we are or how we identify.

Dignity is stopping to think about our feelings and actions and how they impact others.

Dignity is awareness - learning and knowing how to act in ways that honor everyone's dignity.

Everyone has it.
Everyone has
the same
amount.

How is dignity different than respect?

Respect is admiration for someone's actions, traits, or accomplishments.

Respect is earned or lost through actions, choices, and behaviors.

Earning **respect** means doing something that goes above and beyond the baseline right to be treated well.

DENIAL OF DIGNITY= ROOT OF CONFLICT

Our instincts don't know the difference between a physical threat and a psychological threat.

Violations to our dignity feel like *a threat to our survival.*

When we feel hurt, our brains leap into self-preservation mode.

Types of “Conflict”

- Disagreements
- Exclusion
- Accidental Harm
- Social Dynamics
- Miscommunication
- Bullying
- Abuse
- Assault

Bothering	Conflict	Bullying
• Primary goal is not to harm • Can be done inadvertently and without intent • Causes others to become annoyed or irritated, but does not cause harm or fear • Bothering behaviors are characterized by actions and words that might make others uncomfortable, but do not cause emotional or physical harm to the other person	• Primary goal is not to harm, but rather to win • Mutually competitive or opposing action or belief • Includes disagreements, arguments, and mutually engaged fights • Negative acts in both directions • Participants are more equal in power (balance of power) • Can often be resolved with conflict resolution	• The primary goal is to physically or emotionally hurt someone • Bullying, Harassment, Discrimination and Cyberbullying are one-sided • Often involves an imbalance of power • Often motivated by a distinguishing characteristic

Types of Bullying

Verbal

saying mean things: teasing, name-calling, mocking sounds & words people use, taunting, making threats

Social

excluding others, telling others to not be friends with someone, spreading rumors, doing something to embarrass someone

Physical

doing something to hurt someone, taking or breaking someone's things, inappropriate hand gestures

Cyber

sending, posting, or sharing negative, harmful, false, or mean content about someone else over text and/or online

Effects of Bullying

● EMOTIONAL

Stress, anxiety, depression, anger, frustration, loneliness, poor self-esteem

● PHYSICAL

Changes in sleeping & eating patterns, health complaints (stomachaches, headaches, etc.)

● BEHAVIORAL

School avoidance, poor academic performance, self-injury, isolation, getting into fights

Victims of bullying are not the only ones who may feel these effects. Bystanders may feel guilty, unsafe at school, and are at higher risk of depression, anxiety, and being absent from school.

WHAT BYSTANDERS CAN DO

How YOU can be an Upstander

Interrupt the bully.

Point out
unacceptable
behavior.

Reach out and
support the victim.

WHERE DO YOU FIT IN THE CYCLE?

Think of a time you were in a situation that involved bullying.

What did you do then?

What would you have done differently?

What if someone violates the Dignity Act in our school?

If you have been a victim of an incident or witnessed an incident covered under the Dignity Act, please do the following:

- Reach out to a trusted adult to let them know what is happening, preferably someone in the same room where it happened (ie. a teacher, coach, TA, substitute, monitor)
